EDUCATION

ABES INSTITUTE OF TECHNOLOGY
Computer Science
2020 - Present
Ghaziabad, Uttar Pradesh, IN

ASSISI CONVENT SCHOOL
Intermediate
2018 - 2019
Etah, Uttar Pradesh

ASSISI CONVENT SCHOOL
2016 - 2017
Etah, Uttar Pradesh

SKILLS

PROGRAMMING
Experienced:
C++ •
Familiar:
Python • Java • MySQL • JQuery •

DEVELOPMENT
Web Development
HTML/CSS/JavaScript • ReactJS •
NodeJS • ExpressJS • MongoDB

Blockchain
Ethereum • Solidity

CERTIFICATIONS

The Complete 2023 Web
Development Bootcamp
May 30, 2023 Udemy

Certificate Of Participation in Flipkart

PROJECTS

SECRET SHARE (Aug 07,2023 - Present)
- Design and develop (front-end + back-end) web application for people to get and share confessions anonymously.
- Delivered an interface that boosted user engagement with a 30 percent increase in user interaction and provided a seamless and intuitive experience.
- Maximized productivity by harnessing the strength of the MERN stack: utilizing 4 key technologies - MongoDB, ExpressJS, ReactJS, and NodeJS.

MOVIESDEKHO (August 28, 2022 - January 11, 2023)
- Generated the website which shows the current new releases and upcoming movies.
- Created the frontend using the ReactJS library of Javascript.
- Used the TMDB (The Movies Data Base) API to fetch the latest and upcoming movies.
- Link: `https://movies-d.vercel.app/`

ETH SHARE (August 20, 2023 - 30 August, 2023)
- Designed a website harnessing Blockchain technology to enable seamless and user-friendly fund transfers between accounts.
- Implemented Metamask wallet integration to enable seamless account connectivity and transaction processing, resulting in a 40 percent reduction in transaction time and improved user experience.
- Frontend development leverages the ReactJS library, while the smart contract is authored in Solidity for the Ethereum Blockchain.
- Link: `https://ethshare.netlify.app/`

CHAIDAPP (July 10, 2023 - July 26, 2023)
- Crafted a website with the capability to receive payments in Ether.
- Spearheaded the integration of the Metamask wallet, streamlining the account connection process and expediting transactions by 50 percent, driving increased user engagement and satisfaction.
- The resume showcases proficiency in ReactJS for frontend development alongside expertise in Solidity for Ethereum smart contract development.
